Marathon Gold Corporation
Notes to the Consolidated Financial Statements
For the three and six months ended June 30, 2017 and 2016
(Unaudited - Expressed in Canadian dollars)

1) GOING CONCERN

The consolidated financial statements of Marathon Gold Corporation (“Marathon”, the “Company”, “we” or “us”) have been prepared in accordance with International Financial Reporting Standards applicable to a going concern, which assumes continuity of operations and realization of assets and settlement of liabilities in the normal course of business for the foreseeable future.

2) GENERAL INFORMATION

Marathon’s primary business focus is the acquisition, exploration and development of precious and base metal prospects.

Marathon was incorporated under the Canada Business Corporations Act on December 3, 2009. On December 3, 2010, Marathon’s common shares commenced trading on the Toronto Stock Exchange under the symbol “MOZ”.

Marathon is domiciled in Canada and its registered address is 10 King Street East, Suite 501, Toronto, Ontario M5C 1C3.

Marathon’s operations and level of spending on its mining properties are impacted by seasonality, which at times limits the ability of Marathon or its exploration partners to carry out drilling and other surface operations on its properties, and by the extent of Marathon’s working capital.

3) BASIS OF PRESENTATION

These condensed interim consolidated financial statements have been prepared in accordance with IFRS as issued by the IASB applicable to the preparation of interim financial statements, including IAS34, *Interim Financial Reporting*. These condensed interim consolidated financial statements should be read in conjunction with the audited annual financial statements for the year ended December 31, 2016, which were prepared in accordance with IFRS as issued by the IASB.

These condensed interim consolidated financial statements were approved by the Board of Directors for issue on August 8, 2017.

4) SIGNIFICANT ACCOUNTING POLICIES

The accounting policies followed in the preparation of these condensed interim consolidated financial statements are consistent with those followed in the previous financial year.

Future accounting pronouncements

The Company has not yet adopted the following new accounting pronouncements which are effective for fiscal periods of the Company beginning on or after January 1, 2017:

Marathon Gold Corporation
Notes to the Consolidated Financial Statements
For the three and six months ended June 30, 2017 and 2016
(Unaudited - Expressed in Canadian dollars)

International Financial Reporting Standard 9, Financial Instruments (“IFRS 9”)

In July 2014, the IASB published the final version of IFRS 9 *Financial Instruments* (“IFRS 9”), which brings together the classification, measurement, impairment and hedge accounting phases of the IASB’s project to replace IAS 39 *Financial Instruments: Recognition and Measurement*. IFRS 9 replaces the multiple classifications for financial assets in IAS 39 with a single principle based approach for determining the classification of financial assets based on how an entity manages its financial instruments in the context of its business model and the contractual cash flow characteristics of the financial assets. The new standard also requires a single impairment method to be used, replacing the multiple impairment methods in IAS 39. The final version of IFRS 9 is effective for periods beginning on or after January 1, 2018 and may be adopted early.

Management is in the process of evaluating the impact of adopting this standard.

International Financial Reporting Standard 16, Leases (“IFRS 16”)

In January 2016, the IASB issued IFRS 16 which replaces existing standards and interpretations under IAS 17, “Leases”. IFRS 16 requires all leases, including financing and operating leases, to be reported on the balance sheet with the intent of providing greater transparency on a company’s lease assets and liabilities. IFRS 16 is effective for annual periods beginning on or after January 1, 2019 with early adoption permitted.

Management is in the process of evaluating the impact of adopting this standard.

a) Valentine Lake gold property, Newfoundland

The Valentine Lake property is subject to two overlapping agreements, which are described below.

- The Reid Newfoundland Company retains a 7.5% net profits interest (“NPI”) over two land packages which cover the current resource pits associated with the Leprechaun and Victory Deposits, but not the Sprite and Marathon Deposits.

Marathon Gold Corporation
Notes to the Consolidated Financial Statements
For the three and six months ended June 30, 2017 and 2016
(Unaudited - Expressed in Canadian dollars)

- In addition, Glencore Canada Corporation retains a 2% net smelter return royalty (“NSR”) on base metals and a 3% NSR on precious metals, both of which cover a land package which includes all of the resources currently delineated on the Valentine Lake property. The NSR on gold production is reduced from 3% to 1.5% over the life of production until the earlier of the following:
 - Cumulative production exceeding 250,000 ounces of gold, or
 - An amount becoming payable under the terms of the Reid NPI.

Amounts payable in any period under the Glencore Canada NSR’s on precious and base metals are reduced by amounts payable in the same periods under the Reid NPI.

b) Bonanza Mine gold property, Oregon

On December 16, 2011, Marathon purchased a 100% interest in the Bonanza Mine gold property, a past producing gold mine located in the Green Horn gold district of Oregon, USA. On closing, Marathon paid the vendor US \$126,711 and 300,000 common shares with a fair value of \$345,000. In connection with this acquisition, the vendor retained timber rights to the patented claims for a period of 20 years and a 2% NSR royalty. Marathon has the right to purchase 1% of the royalty by paying the vendor US \$1,000,000.

Concurrent with and subsequent to this property acquisition, Marathon staked additional unpatented claims around the Bonanza property. There are no royalties on the unpatented claims.

6) CAPITAL MANAGEMENT

Marathon is not subject to externally imposed capital requirements.

Marathon manages its capital structure and makes adjustments to it based on the funds available to support the acquisition, exploration and development of our mineral properties. The Board of Directors does not establish quantitative return on capital criteria for management but rather relies on the expertise of management to sustain the future development of the business.

Marathon’s properties are in the exploration and evaluation stages, and as such the Company depends on external financing to fund its activities. In order to carry out its exploration and development activities and to pay for administrative costs, Marathon spends existing working capital and raises additional amounts as needed. Management continues to assess new properties and seeks to acquire interests in additional properties if there is sufficient geologic or economic potential and if Marathon has adequate financial resources to do so.

Each unit consisted of one common share and one-half of one share purchase warrant, with each whole warrant exercisable at a price of \$0.32 per share and expiring two years after issue. The gross proceeds from the offering of units were allocated between Share capital and Warrants on the basis of relative fair value, which resulted in \$625,212 in proceeds being allocated to Warrants.

The gross proceeds from the offering of flow-through shares were allocated between Share capital and Flow-through share tax liability using the residual method, which resulted in \$54,087 of gross proceeds being allocated to the liability portion of this financing.

Marathon incurred costs in connection with this offering of \$374,307, of which \$6,741 was attributed to the flow through share tax liability and charged to operations.

- ii) On October 27, 2016, Marathon closed a prospectus financing of 8,880,000 flow through common shares at a price of \$0.90 per flow through share, for gross proceeds of \$7,992,000.

Marathon Gold Corporation
Notes to the Consolidated Financial Statements
For the three and six months ended June 30, 2017 and 2016
(Unaudited - Expressed in Canadian dollars)

The gross proceeds from this financing were allocated between Share capital and Flow through share tax liability using the residual method, which resulted in \$2,042,400 of gross proceeds being allocated to the liability portion of this financing.

Marathon incurred costs in connection with this financing amounting to \$766,044, of which \$195,766 was attributed to the Flow through share tax liability and charged to operations.

- iii) On May 25, 2017, Marathon closed a prospectus financing of 6,900,000 common shares at a price of \$1.03 per common share and 9,200,000 flow through shares at a price of \$1.25 per flow through share, for aggregate gross proceeds of \$18,607,000.

The gross proceeds from this financing were allocated between Share capital and Flow through share tax liability using the residual method, which resulted in \$1,472,000 of gross proceeds being allocated to the liability portion of this financing.

Marathon incurred costs in connection with this financing amounting to \$1,410,555, of which \$111,589 was attributed to the Flow through share tax liability and charged to operations as Other finance expense.

6, 2018. The fair value of these warrants was estimated using the Black-Scholes option pricing model with the following weighted average assumptions:

- risk free interest rate of 0.55%;
- expected dividend yield of nil;
- expected volatility of 100%; and
- expected term of 2 years,

which yielded an estimated weighted average fair value of \$0.086 per warrant.

In connection with this financing, Marathon also issued a total of 697,950 broker compensation warrants exercisable at a price of \$0.23 per share and expiring on May 6, 2018. The fair value of these warrants was estimated using the Black-Scholes option pricing model with the following assumptions:

- risk free interest rate of 0.55%;
- expected dividend yield of nil;
- expected volatility of 100%; and
- expected term of 2 years,

which yielded an estimated fair value of \$0.128 per warrant. These broker compensation warrants were exercised on September 26, 2016.

9) STOCK BASED COMPENSATION

Marathon has a stock option plan (the "Plan") which was reconfirmed by the Company's shareholders at its annual meeting on June 7, 2017, under which Marathon may grant options to directors, officers, employees and consultants. The number of shares reserved for issue under the Plan may not exceed 10% of the number of issued and outstanding common shares at any time. In addition, the number of common shares reserved for options granted to non-employee directors of the Company subsequent to June 7, 2017 may not exceed 1% of Marathon's issued and outstanding shares, and the grant date fair value of any options granted to non-employee directors is limited to \$100,000 per director in any calendar year.

The purpose of the Plan is to attract, retain and motivate directors, officers, employees and external service providers by providing them with the opportunity to acquire a proprietary interest in Marathon and benefit from its growth. The options granted to date under the Plan are non-assignable, have a term of up to 5 years, and vest upon grant.
